Welcome to our office.

Dr. Hane and his staff look forward to your visit. It is our goal to provide you with outstanding care and comprehensive services. Since it is normal to feel a little apprehensive about undergoing any procedure, we usually desire our patients to have a separate consultation appointment. We offer a range of outpatient procedures and anesthesia. It is important to us that you fully understand and feel comfortable with your planned procedure. Most insurance companies require prior approval of medical and dental services, so please bring both your medical and dental insurance cards. This information also allows us to give you a fair fee estimate prior to your procedure.
